MAYSVILLE MAN TO BECOME PASTOR OF SOUTHERN CHURCH

Dr. Horace Cady Wilson, D. D., who for several years has been pastor of the Presbyterian church of Aurora, Ill., has accepted a call to the pastorate of the Second Presbyterian church of Knoxville, Tenn., and will assume his duties as pastor of this church within a very short time.

The call to the Knoxville church is one of the highest compliments that could be paid Dr. Wilson as it is recognized among Presbyterians as one of the strongest churches of that denomination in all the Southland. Dr. Wilson's many home-town friends are greatly pleased to hear of this distinct compliment and will wish him much success in his new fields of labor.

Dr. Wilson is a son of Mrs. Rebecca Wilson, of Limestone street. He is a native Maysvillian and his native city is justly proud of the splendid success he is making in the ministry. Dr. Wilson was in Maysville only a short time ago en route to his home in Aurora from Knoxville where he had been in conference with the officials of his new church.

MERZ BROS. BIG MID-SEASON SALE SATURDAY

Great Bargain Affair Will Open Saturday With All Seasonable Merchandise at Low Prices.

Merz Brothers, proprietors of the popular "Bee Hive" store, announce their mid-season sale beginning on next Saturday and in today's issue will be found a large announcement in which prices are quoted that will astound the shopper.

This mid-season sale each year is quite attractive to the housewives of Maysville and throughout all of Maysville's trade-area. It is expected that the mere announcement of the sale will attract to the city on Saturday a great host of bargain seekers—and most every one is a bargain seeker just at this period.

A careful reading of the large announcement appearing today will convince one that this sale is really a sale worth their attention and the prices quoted there will clearly demonstrate the fact that the long expected decline in the cost of living has at last reached this district.

MONUMENT MAY TAKE PLACE OF CITY FOUNTAIN

City and County and Organizations May Be Asked to Contribute to Memorial Monument for World War Heroes.

It became known Thursday that a movement has been started within the past few days to erect in Market street on the present site of the city fountain, an attractive memorial monument in honor of the Mason county soldiers who offered their lives a sacrifice for their country during the recent World War.

This proposition will probably be presented to City Council at its next regular meeting, it was learned on authority Thursday morning.

Those who are suggesting the plan claim that the city fountain has failed to serve its purpose and is no longer either serviceable or ornamental and that it should be removed and in its place an attractive memorial monument erected which might honor the Mason county men who lost their lives in the world war as well as those who were enabled to return home after doing their bit for their country.

The plan as being suggested is that the American Legion be assisted in this purpose by city and county as well as by local organizations who desire to have a part in such a memorial. The Woman's Club has taken much interest in honoring the soldiers and in their effort to raise funds for a Memorial Building were very active. It is expected that this very influential organization will lend its support to such a plan and be of great assistance in making it successful.

It is not the purpose of those suggesting the plan that the Memorial Monument shall be a very expensive one but they hope to have an attractive shaft about which captured German artillery, which might be obtained through the good offices of our Congressman and Senator might be grouped, all being guarded by an attractive chain fence.

TAFT IS HARDING'S CHOICE FOR CHIEF JUSTICE.

Washington, May 26. — President Harding has decided to appoint William Howard Taft to the office of chief justice of the United States, as successor to the late Edward Douglas White, it was learned today.

Contrary to expectations that the big appointment would not be made until October, the nomination of Taft may go to the Senate within a week. In this event, should the Senate act promptly in confirmation, the new chief justice might take his seat on June 6, the last day of the present term.

It was learned the White House had asked Washington friends of the former president whether he would accept the appointment and the reply has come back that he would.

HARD LIFE FOR THE BOOTLEGGER IN FLEMING

Fleming County Officers Get Alleged Bootlegger Although He Attempts A Get-Away.

The Flemingsburg Times-Democrat says:

Sunday night Deputy Sheriff Jackson got a tip that one Henry Ingram had been furnishing whiskey to certain Poplar Plains folk and would be in Flemingsburg Monday on a "like mission." By 6 o'clock Monday morning Jackson was in conference with Commonwealth Attorney Grannis and by 9 o'clock they had by pressure in the right quarter gotten information enough to authorize Ingram's arrest.

Mr. Grannis at once filed his affidavit with the County Judge and procured a warrant for Ingram. Ingram had arrived in town in the meantime, gotten wind of the movement and left for Bath county, where he lives, but was overtaken at the home of his brother-in-law, James Jones, on Allison Creek, and arrested. He gave \$250.00 cash bond for his appearance Saturday.

The moonshiner, bootlegger, and gambler may ply his trade in some counties but he will find his road a rough one in old Fleming. Public sentiment is against the violator of the law and our officers will see the law enforced.

MARRYING PARSON OESTED BY CHURCH.

Winona Lake, Ind., May 26. — Rev. J. L. McElmoyle, Maryland's marrying parson, was ousted from his pulpit at Elkton, Md., today by the Supreme Court of the Presbyterian church.

Rev. McElmoyle was charged with conducting a "Gretna Green" at Elkton and running a "marrying marathon" with another pastor there.

The charges that he indiscriminately married hundreds of elopers a year were upheld by the Judiciary Committee of the Presbyterian Assembly, meeting here.

The court upheld lower church courts in ordering the relations between Rev. McElmoyle and his flock "dissolved."

MURDERER OF KERMAN WITH TWO ESCAPE PEN

Man Who Killed Popular C. & O. Detective at Ashland Escapes From State Penitentiary With Two Others.

Frankfort, Ky., May 26. — Three convicts, one of them a life-terminer, Wednesday escaped from the State Reformatory here by seizing an automobile belonging to an official of a shirt company which has a factory in the prison and dashing out of the compound gate during a heavy rain.

The convicts were Charles H. Smith, a life prisoner, and R. K. Bradbury and W. T. Jones, serving terms from Louisville for robbery.

The men were seen by guards as they drove past the outer gate of the reformatory and immediately chase was started. They drove the car up a blind street, that ends at the top of a hill near the Versailles pike and were forced to abandon the car.

They then climbed out, ran across the hill back of the State Arsenal and down to the bank of the Kentucky River. There they seized a skiff and crossed, landing at the stables of the Governor's mansion. They managed, however, to make their getaway across the Capitol grounds and now are believed to be somewhere on the Louisville pike.

Superintendent Bastian has a posse of guards searching the countryside for them.

Bradbury and Jones both were sent to the reformatory from Louisville May 6, 1920, for participating in the same robbery. Both were serving ten-year sentences.

Smith was convicted of the murder of a C. & O. railroad detective named Kerman at Ashland and was received at the reformatory February 18, 1919.

All of the escaped convicts are hardened characters, according to officials at the reformatory. All served at least one term in prison prior to being received here.

NO CELEBRATION OF MEMORIAL DAY PLANNED FOR MAYSVILLE.

It is expected, however, that the graves in the beautiful Maysville Cemetery will be decorated and it may be possible that the Leslie Arthur Post American Legion will yet arrange some program for the day.

Local politicians are keeping things lively in the county just now. Most every day candidates drive over the county and politics is the chief topic of discussion wherever two or more men gather.

OLD SCHEME WORKS MAN OF HIS SAVINGS

Nicholasville Colored Man Is Worked Of All His Savings by Smooth Lexington Sharps.

The Lexington Leader says: For many years Louis Brooks, colored, of Nicholasville, has worked hard and lived frugally in order to fortify himself against a rainy day. He denied himself many things, getting satisfaction out of seeing his savings grow.

Monday he came to Lexington and while standing in front of the traction station he was joined by two other negroes, who showed friendliness towards the visitor from the neighboring city. Brooks was accustomed to talking to everyone at home and had grown to trust all.

The conversation proceeded for several minutes and then came the climax. The new acquaintances liked Brooks and offered to divide with him the proceeds of a well-filled pocketbook that had been "found." He was to receive a third of the "fortune," but it was found the money could not be divided equally as the bills were in large denominations.

So Brooks took a car to Nicholasville and came back with all his savings, \$312. This he turned over to his new-found friends and the money was to be divided Tuesday when the three were scheduled to meet again at the same place.

Tuesday came and with it came Brooks, but the other two failed to keep the appointment. A great light began to dawn upon the visitor. It became brighter after the lost pocketbook scheme, well known in police circles, had been explained by Detective Maloney.

Today Brooks is back home to begin all over again.

RE-TRIAL OF AUSTIN SET FOR MONDAY.

The re-trial of Harvey Austin, who is charged with shooting and fatally wounding Charles Bertram, Vanceburg telegraph operator, is set for next Monday in the Lewis Circuit Court at Vanceburg. Austin, who was confined for several months in the local jail, is now out on bond. At the last trial of the case during the last term of the Lewis Circuit Court, the jury was unable to agree, on the punishment, all members, however, were for conviction.

C. & O. ASSESSMENT IS REDUCED TO \$21,000,000.

Frankfort, Ky., May 25.—The assessment of the Chesapeake & Ohio Railroad was reduced by the State Tax Commission from \$22,115,000 to \$21,000,000. The reason for the reduction was that last year the commission assessed on the basis of a three-year average without including the report of net income for the year of the assessment. Allowance for the over-assessment was made this year. The assessment of the Illinois Central stands at \$18,133,000, the same as last year.

TROOPERS KILLED IN BATTLE ON THE STATE LINE

Kentucky and West Virginia Guardsmen Fall in Battle Wednesday at Nolan.

Williamson, W. Va., May 26. — State Police headquarters here received reports last night that a West Virginia State Trooper and a Kentucky National Guardsman were killed at Nolan, west of here, when fighting in the Tug River battle zone was resumed.

Captain Norton of the State Police sent the report of the killings to Captain J. R. Brockus, the latter said. Private Kackley, a West Virginia trooper, and Manley Vaughan of the Kentucky militia were killed, and George Crum, a civilian, was wounded, the advices said.

When word of the shooting was received state police officials ordered the Norfolk & Western Railroad Company to prepare a special train for an immediate run to Nolan.

Nolan is located on the West Virginia-Kentucky border on the Tug River, opposite the line which divides Pike and Martin counties Kentucky.

Judge R. D. Bailey of the Mingo-Wyoming Circuit Court held a conference here late today with Major Tom B. Davis, who is in charge of the situation growing out of recent disorders along the West Virginia-Kentucky border. They discussed Governor E. F. Morgan's proclamation placing the Mingo region under martial law.

Judge Bailey said that he could suggest no further plans as to the enforcement program mapped out by Major Davis. He said that he believed the proclamation would go far to remedy conditions along the Tug River.

Major Davis, accompanied by Captain J. R. Brockus, of the State Police, today penetrated the trouble zone east of Williamson. They went as far as Thacker mines near Mawman and reported the situation quiet. Both officers after inspecting the scene of yesterday's fire at the Lynn Coal and Coke Company said they believed the blaze of incendiary origin.

JUDGMENT IN STONE CASE IS REDUCED.

The Vanceburg Sun Says: As we go to press the case of Stone vs. C. & O. has been decided by the jury awarding \$3,500, as against \$10,000 given by a former jury. (Owing no doubt to the reduced cost of living or dying, which we wot not.) The plaintiff will take the case to Court of Appeals and ask that the case be reinstated and former verdict affirmed.

ON THE FARM IN KENTUCKY

Lexington, Ky. — When approximately equal money values of rock and acid phosphate are compared on unlimed soils the great crop increases are obtained from the use of rock phosphate while the use of lime in connection with these two materials reverses the results, according to circular No. 97, entitled "Phosphates for Kentucky Soils," which has just come off the press at the College of Agriculture.

The publication is a comparison of the different forms of phosphate which soil specialists state, is the fertilizer most needed on soils outside of the Bluegrass region. Rock phosphate, the cheapest source of phosphorus, was compared with acid phosphate, the most commonly used of any phosphate fertilizer. The tests were conducted on experiment fields located at Greenville, Lone Oak, Mayfield, Russellville, Berea and Fariston and involved 40 corn crops, 27 wheat crops, 34 soybean crops and 24 clover crops produced during the three to eight years in which the fields were under experiment.

The use of rock phosphate gave net returns which were more than one-half greater than those obtained by the use of acid phosphate on unlimed soils as an average for all years and all fields. Net returns were estimated as the value of the crop increases minus the cost of fertilizers. On the same basis lime and rock phosphate gave

net returns approximately two-thirds as great as that obtained by the use of limestone and acid phosphate. However, in some cases the limestone and rock phosphate were just as effective as the limestone and acid phosphate.

On the unlimed soil the average crop increases per acre for all fields and all years obtained by the use of rock phosphate was 6.05 bushels of corn, 480.5 pounds of soybean hay, 2.6 bushels of wheat and 727 pounds of clover hay. Similar averages for the acid phosphate were 6.01 bushels of corn, 492 pounds of soybean hay, 2.35 bushels of wheat and 408 pounds of clover hay.

On the limed soil averages for rock phosphates were 11.2 bushels of corn, 1,080 pounds of soybean hay, 5.5 bushels of wheat and 1,704 pounds of clover hay. The averages for acid phosphate on the limed soil were 13.9 bushels of corn, 1,273 pounds of soybean hay, 7.6 bushels of wheat and 2,143 pounds of clover hay. The publication states that there are some variations from the given averages on individual experiment fields which should be studied before a decision is made on the form of phosphate best adapted to a particular region.

Circular No. 97 may be obtained free by writing the Experiment Station, Lexington.

6000 IS GIVEN TO JUNIOR WEEK FUND.

Lexington, Ky. — In order to aid youngsters in distant counties in paying their expenses to Junior Week at the University of Kentucky, June 20 to 25, seventeen business firms have contributed \$6000 toward a fund which will be used in supplying scholarships for the event according to an announcement made recently by C. W. Buckler, State Leader of junior agricultural club work.

The money will be used in counties which have exhausted their own resources in sending delegates to the convales of boys and girls. Counties which are most distant from Lexington will receive assistance first. Mr. Buckler announced. Boys and girls who receive scholarships will be selected by the Extension Division of the college.

The formation of the fund practically brings to a close the arrangements for Junior Week, the first event

of its kind ever held in the history of junior agricultural club work in Kentucky. The program of the event which includes recreational, inspirational and educational features has been completed, according to the announcement. The enrollment of delegates for the week which has been limited to 160 youngsters is rapidly being completed, Mr. Buckler said.

PRETTY GOOD LITTLE WORLD THIS, HE SAYS.

Toronto. — While recovering from the effects of a highball concoction, the ingredients of which were wood alcohol and orange juice, Stan Lackowsky made two attempts to end his life in his cell in Dudas street west police station here. After he had been taken to the hospital and the liquid dynamite which was at the bottom of his rashness had been removed through the medium of a stomach pump, Stan told a police inspector that "this is not a bad old world, after all."

Stan's two tries at shuffling off the mortal coil were blamed on the stuff he had drunk. First he tried to throttle himself by tying his tie about his neck and then suspended himself from a bar in the cell door. This didn't do the trick, so he took a chain from one of the cell beds, tied it around his neck and then rolled himself in the bed till the chain cut off his wind. One of the policemen happened along and saved the would-be suicide a second time. Now Stan wants to live and everything points to the accomplishment of that desire.

New York Letter

New York. — Probably New York just doesn't know how to be "neighborly" in the old-time sense. I don't believe it's coldness though. But one woman who recently moved into an apartment house on Morningside Heights from a very small village, can not understand it. "I'll take half of this strawberry shortcake to the young couple across the hall," she told the cook the other night. "You'd better not, ma'am," the cook advised. "They don't do such things here. Anyhow they look to me like folks that was raised on the kind that's made of cake instead of biscuits." But the neighborly spirit was not to be downed. She rang the bell. A white-capped maid took the plate with an amazed stare and disappeared. She came back before the woman opened her own door. "Mrs. J. says it's all right and how much it is and was it to raise money for a charity?"

The theatrical people of the city were busy last week on the celebration of Rev. Dr. George C. Houghton's fiftieth anniversary in the ministry. For no man in the whole country is closer, probably, to the hearts of the men and women of the state than this rector of the famous "Little Church Around the Corner." Its real name is the Church of the Transfiguration but it's always called the other. Dr. Houghton's uncle founded it and was its only other pastor. Many years ago, after the succession of the present rector, the then famous actor George Holland died and a committee of actors, among them Joseph Jefferson, went to a Fifth avenue clergyman to arrange for the actor's funeral. The minister explained that his scruples would prohibit him officiating at services for an actor. Then he unbent enough to suggest, "There's a little church around the corner where the rector undoubtedly would serve you." And from that moment, the little Twenty-ninth street church was beloved of all the actors and was known as "The Little Church Around the Corner."

—NY—
It is difficult to deceive a woman about anything, I have heard, but it's

impossible when it comes to her own wedding presents. The home of Mrs. Howard von Bommell was robbed recently of wedding presents in silver worth \$6,000. The other day she was out for a walk and discovered a handsome display of them in a curio shop window. There was no denying the keen eyes and memory of the bride. She knew every mark and every detail of design on every single piece. There was nothing for the shop-keeper to do but throw up his hands and protest his personal innocence. "Never," he said, "did I hear of an owner knowing her possessions so convincingly."

—NY—
Interesting is the announcement that Arnold Daly will take possession of the Greenwich Village Theater next October for a series of productions old and new, in which his leading lady will be Lillian Gish, of movie fame. Dorothy Gish, too, is bound for the speaking stage. She will make her debut with a stock company in Canada this summer, playing opposite her husband, James Rennie, now in "Spanish Love."

—NY—
The women who have founded and are backing the Junior Art Patrons of

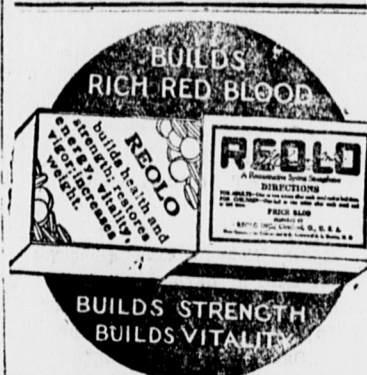

America had a difficult situation to meet at their first gathering. While believing firmly in the fundamental interest of youth and girlhood in the matter of high art, they nevertheless felt that maybe they could get them together more quickly and more numerously if they put "dancing" on their invitations to the first assemblage, held at the Fine Arts Building. That part was all right. It worked as they thought it would. The gathering gathered in full force. And Mrs. William K. Vanderbilt, Mrs. Herbert Satterlee and the rest of the patrons rejoiced. But then! The music started for the dancing; the youths were choosing their partners, when like a thunderbolt from a clear sky came the announcement in stentorian tones from William A. Faxton, that the charter of the Fine Arts Building prohibited dancing within its walls. For a few minutes it looked as though Art would never get the support of its Junior Patrons. But Adolph Lewisohn rescued the cause of Art by inviting everybody instantly to his nearby home, where music, refreshments, and no building rules made the Art evening a success after all.

Fancy Irene Castle being "dred!"

And by the stage-door man! But it happened; and she's suing Charles B. Dillingham for breach of contract in consequence. She was to dance in "Miss 1917," she says at \$900 a week, and she wants the money. Mr. Dillingham's manager declares that she wouldn't come to rehearsals and that she insisted upon singing a song, both of which things he considered sufficient excuse for the dismissal.

have been canvassed by county farm agents and representatives of the Louisville Livestock exchange and indications are that approximately 300 scrub bulls on Kentucky farms will be replaced by purebred animals when the purebred sire sale is held at Louisville June 2 in connection with the better sire—better stock movement, according to Wayland Rhoads, extension specialist in beef cattle production from the College of Agriculture. The survey of the different counties was made for the purpose of determining the number of scrub animals which farmers will replace and also the number of purebred sires which will be purchased. Different counties are planning to purchase as many as 25 sires at the sale.

CUT COTTON CROP.

Mexico City. — Less than one-third of the acreage of the Laguna district in the state of Coahuila, where most of Mexico's cotton crop is grown, has been planted and the entire region is in dire straits financially. Cotton prices were so low during the past year that the growers have sold their produce at a loss and are not inclined to risk a poor harvest again.

MUSIC MAKES HIM WEEP.

Like mere human actors, Teddy demands music before emotion. Teddy is the little grown dog, with the three good legs, that appeared in "Should a Woman Tell?" with Alice Lake and that is now with her in the Screen Classics, Inc., production of "Shore Acres," which will be the attraction at Washington Theater Thursday night.

Teddy was to howl when one of the actors played the melodrama. Director Rex Ingram made everyone on the set howl as an inspiration to the dog. Teddy gazed about in wonder but kept his jaws closed.

Then his master sent for a ukulele and strummed the strings that made Hawaii infamous. Teddy howled; he yowled; he wailed and he cried. The vocal accompaniment continued as long as the ukulele played, and the scene was recorded.

LAND VALUE CUT IN HALF.

Flemingsburg, Ky., May 26.—George H. Maddox has sold his farm of 144 acres near Dalesburg about four miles from this city, at public auction. One hundred acres were sold to Joe Maddox at \$65.25 an acre, and 44 acres to H. L. Jackson at \$60 an acre. This represents a decline of more than 50 per cent in the market value of this farm in about fifteen months.

DR. ROBERT D. WEAVER DIES.

Paris, Ky., May 26.—Dr. Robert D. Weaver, of North Middletown, died at his home at 2:30 o'clock Wednesday afternoon. He was 81 years of age last January. He is survived by his wife, Mrs. Helen Calvert Weaver, who was born in Mason county, and his daughter Mrs. Strother Mitchell, Fayette county. Dr. Weaver has been married 47 years. He was born and reared near Winchester, where he will be buried Friday. Dr. Weaver practiced medicine for 50 years, beginning during the Civil War, when he was surgeon in the Confederate army. He lived in North Middletown for 33 years. Funeral services will be held at the residence at 2:30 p. m. Friday, the Rev. F. M. Tindler officiating. Burial will be in the Winchester cemetery.

BOMB THROWN AT BULGARIAN KING.

Sofia, May 26.—A bomb was thrown today at King Boris as he stood on the balcony of the royal palace reviewing a procession, composed largely of school children. The explosion injured ten of the boy paraders. Attributing the outrage to the Communists, a mob ransacked the Communist club and set the building on fire.

EVER HAVE IT?

If You Have, the Statement of This Maysville Citizen Will Interest You.

Ever have a "low-down" pain in the back?

In the "small," right over the hips? That's the home of backache. If it's caused by weak kidneys. Use Doan's Kidney Pills.

Maysville people testify to their worth. Read a case of it: Mrs. R. L. Mattingly, 207 West Second street, Maysville, says: "I was in a bad condition with my back and kidneys. I couldn't get my proper rest at night owing to the dull misery in my back. I was feeling so miserable I often had to let my housework go undone. I was dizzy by spells and also suffered from rheumatic pains. I have been so bad that I couldn't walk without pushing a chair in front of me and my lower limbs were very painful. My kidneys were in a bad condition owing to their irregular action. My mother had used Doan's Kidney Pills successfully and that led me to send to Wood & Son's Drug Store and get a couple boxes. After using them I was all right. I have felt well since using Doan's and recommend them gladly."

Price 60c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mattingly had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SURETY COMPANY REFUSES TO PAY

Surety Bond of L. V. Williams Secretary of Ripley B. & L. Association.

Chambers Baird, receiver of the Peoples Building & Loan Company of Ripley, Ohio, has received a letter from The American Guaranty Company of Columbus, Ohio, which was on the Surety bond of L. V. Williams, defaulting secretary of the Peoples B. & L. Co., for \$10,000, refusing to pay the claim.

The action of the surety company in refusing to pay this bond is considered unwarranted, in view of the fact that a shortage of \$50,000.00 in the Peoples B. & L. Co. has been uncovered, and that L. V. Williams is responsible for it and entered a plea of guilty to embezzlement of \$25,000.00 for which he is now serving his term in the Ohio penitentiary.

Receiver Baird will immediately take steps to enforce the payment of the bond by an action at law.

RICKENBACKER STARTS FLIGHT ACROSS AMERICA.

Redwood City, Calif., May 26.—Captain Eddie Rickenbacker, American ace, left here at daybreak today for what he hopes to be a record-breaking flight to Washington, D. C. He expects to reach Omaha at 8 p. m. tonight and Washington Friday night. The flight is in the interests of the American Legion.

A message from the California Real Estate association to President Harding, asking that he urge laws for the extension of reclamation and irrigation in the West, was handed to Captain Rickenbacker just before he left.

A CONCERT BY THE BAND.

(By JESSE W. BIER.) In winter time the town is dead With evening long and drear, And Christmas comes to make things bright Of course, just once a year. But when the summer months come round There comes a time that's grand One evening in each week we have A concert by our band.

They are not skilled musicians They are just our village folks But their spirit's in the music As they watch the batons strokes And it sets my heart to beatin' Like the drum, as there I stand Just listening to the music of A concert by our band.

The folks all dress up in their best And promenade the street And stop to chat awhile with any Friends they chance to meet. The ice cream parlor's crowded And the pop-corn man's on hand The evening that we gather for A concert by the band.

I've heard the famous Sousa And the First Artillery. Their music sure is splendid But it don't appeal to me Like the music of the home boys As they gather at the stand Oh, my heart is light while listenin' to A concert by our band! (Note: This poem recently appeared in the Georgetown (O.) Gazette and has been dedicated by Mr. Bier to the Maysville Boys' Band.)

BUY YOUR COAL DIRECT FROM MINE—BIG SAVING.

The high cost of coal is a thing of the past! At least, there are no complaints on this account—since the removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct from the mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a carload buyer or one who used only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 490 Como Building, Chicago.

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice Coal Co. at once for prices, stating kind and quantity of coal you use.

THOUGHT TRUCK WAS BOOZE WAGON.

A truck load of merchandise at Cincinnati was mistaken for whisky bandits, Wednesday night, and as a result Bruce Kinnard, Indianapolis, had a few lively minutes. Kinnard stopped at the Broadway police station to ask where he could store his car and merchandise for the night. He was sent to Fisher's garage on Second street, between Main and Sycamore streets. As Kinnard neared the garage he was stopped by six armed men and compelled to leave his machine. They took a revolver he had under the seat and searched the auto, but when they found that Kinnard had no liquor they returned his revolver and drove away.

SENATE COMMITTEE TO CONSIDER NOMINATION OF DR. TIGERT.

Washington, May 26.—President Harding's nomination of Dr. John J. Tigert, of the University of Kentucky, as United States commissioner of education will be considered Thursday by the Senate Education Committee, after which a recommendation on the question of confirmation will be made to the Senate.

The only criticism of the nomination of Dr. Tigert that has come to light so far is contained in an editorial of the monthly magazine published by the National Education Association, which complains that Dr. Tigert is not nationally known. The editorial, however, is more a lament on the retirement of Dr. Claxton than a condemnation of the Tigert appointment, and the Kentuckian's ability is not questioned.

Universal presents CARMEL MYERS in

THE GILDED DREAM

All-star cast includes Thomas Chatterton, Boyd Irwin and Elsa Lorimer. "You can't sell your love and keep it too." This is the lesson that Carmel Myers learns in this picture. High brows and low necks, cold baths and hot intrigues — that was the life Leonard longed for in the circles in which dull husbands and frivolous wives let each other severely alone. See New York's ultra-Bohemian set. The newest Parisian frocks displayed in this picture. Girls, let Carmel Myers show you how to choose a husband. A picture that will appeal to the old and young alike.

ADMISSION 10 AND 15 CENTS.

TOMORROW — JOE RYAN in "THE PURPLE RIDERS," serial. Nick Carter in "SEALED ORDERS," Nick Carter detective story. "JUST OVER YONDER," a beautiful scenic picture of Central Oregon.
